Dear Joan

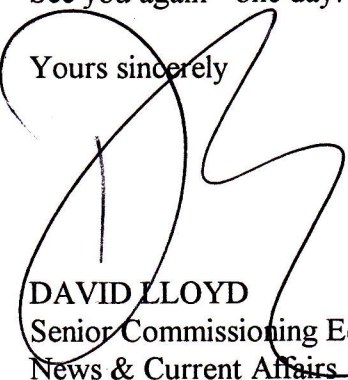

Thanks for your letter and your news. And what news! Please tell me more. WHO is this 'someone special'? And what exactly is the Dominican connection? Answers on a postcard please; I'm all agog.

Now to Stefan Lanka. I took this away into a metaphorical darkened room and concentrated very hard. I would claim to have followed quite a bit of it. It reads well and, of its kind, is really pretty clear. What I don't have the apparatus to determine, though, is just how big a point he really has. And I don't really think I could commission such a line of argument unless I felt adequately confident of the logic of the argument - at the very least.

It might be useful if you could tell me rather more about Lanka and also the Perth team. Are they very much out on the same kind of limb that Duesberg was 8 years ago? Do they have additional, tacit support? Can they rightly be described as a group at all?

Again, the statutory postcard will oblige. In the meantime, hope you're really enjoying yourself. See you again - one day!

Yours sincerely
